Policy

Principles

5. Whether a course is to be discontinued for strategic or other compelling reasons (Provider-Initiated Discontinuance) or imposed by the regulator (TEQSA-Initiated Discontinuance) TITAN will ensure that:
 - a) the interests of all current students are protected through satisfactory arrangements for transfer and/or teach out of the current course;
 - b) all administrative, regulatory and course information requirements are met through the implementation of a comprehensive course teach-out plan.
6. TITAN must ensure that students affected by the discontinuation of a course:
 - a) receive timely and adequate advice;
 - b) are given the opportunity to transition to an equivalent accredited course either within TITAN or with another provider;
 - c) are consulted in all proposals and assisted to transition only when no disadvantage is identified.
7. TITAN will maintain an up-to-date and accurate Transition Register of all equivalent courses to facilitate the transition of students to other providers where appropriate.
8. TITAN recognises that students may experience concerns or distress in the event that a course is discontinued and is committed to ensure the well-being and academic success of all affected students.
